## **Leading with Purpose**

> Nepal's future is bright and it starts with you. The world is changing fast, with exciting opportunities in tech, innovation, and beyond. Whether it's AI, automation, or launching your own start-up, there's no limit to what you can achieve.
>
> At Islington College, you get the same experience as studying at a top UK university with the same qualification, same teaching methods, same assessments, and the same globally recognised degree. It's an education that prepares you for success in Nepal and anywhere in the world.
>
> We offer the best infrastructure in the country and a vibrant campus life that makes our college the most happening college in Nepal. Our students are happy, confident, and are achieving great things.
>
> We're here to help you turn your passion into purpose and your ideas into action.

## LONDON METROPOLITAN UNIVERSITY

Based in one of the world's most exciting capital cities, London Metropolitan University is home to an inclusive community of inspiring and determined learners, teachers and innovative thinkers.

The University's mission is to transform lives through the power of education – and it does that by welcoming students from all kinds of backgrounds and supporting them to achieve success. Each and every one of them belongs there and uniquely contributes to the university and the city around them. They are The Real London. This is The Real London.

London Met's campuses are based in central London and offer students the excitement of the capital at their fingertips. London is an exciting international city with something for everyone. Whatever their course, students find inspiration in London's wealth of culture, industries, innovation and heritage.

High-quality teaching is at the heart of the experience offered to students at London Metropolitan University and the university is ranked ninth in the UK for teaching quality by The Times and Sunday Times Good University Guide 2024, as well as 10th for student experience.

Student at Islington College gets exactly the same privilege as London Metropolitian University students

Same Student
# Experience as in the UK

At Islington College, students experience the same academic environment, structure, and expectations as those at London Metropolitan University. The curriculum follows the same academic calendar, assessment schedule, and learning model. From teaching methods and academic standards to facilities and student privileges, everything reflects the experience of studying in the UK. Students benefit from the same internationally recognised assessments, and a learning culture that mirrors that of a UK university, ensuring both consistency and global relevance in their education.

Personal Academic Tutor advising student

## A Dedicated
# Student Services Department

The Student Services Department is a dedicated unit committed to student happiness, well-being, and personal growth. Acting as the first point of contact for parents and students to handle issues on their behalf, the department also provides support on mental health, and offers access to a dedicated well-being counsellor. Through regular College Services Surveys, this unit actively gathers feedback from students and improvements are implemented directly based on their feedback.It also plays a central role in campus life by hosting events, activities, and engagement opportunities that make student life vibrant and memorable.

## A Dedicated
# Academic support unit

At Islington College, the Personalised Academic Tutors (PAT) plays a vital role in ensuring student's academic success by offering consistent, structured support throughout their journey. Whether it's navigating academic procedures, addressing concerns, planning your progression, or simply needing guidance, PAT is the go-to mentor, ready to help students both academically and personally.

## Values

Our values are at the core of how we do things. Our values define our actions and describe how we behave in Nepal and the world.

### Leadership
We lead the market in offering innovative, current and relevant programmes. We lead by example and have a continuous desire to improve.

### Responsiveness
We act with a sense of urgency. We are time-based and objective-driven. We work hard in every aspect possible.

### Professionalism
We are determined problem solvers and try to get things right the first time. We are mature and treat one another (also students) with respect.

### Sense of Belonging
Students, Staff, and Partners are valued and proud to be part of Islington College. Career aspirations are fulfilled and lifelong friendships are developed here.

### Trust and Integrity
We always try to do the right thing. We are honest and dependable with one another. Earning and keeping everyone's trust is our utmost priority.

# Islington
# **Academics**

## Rigorous Intellectual Foundation

At Islington College, your academic journey mirrors that of London Metropolitan University from day one. With a UK-aligned curriculum, semester structure, and Continuous Assessment System, students experience the same rigour evaluation methods, and outcomes. Supported by international-standard labs, capstone modules like Final Year Project and Career Development Learning, and a focus on research and critical thinking, students get the same privilege and experience that prepares students for global success.

# L-T-W

## Lectures

**Lectures** are formal sessions and a starting point where students gain detailed knowledge on a specific topic. The theoretical knowledge sets a foundation for the students to develop their knowledge for practical use.

## Tutorials

**Tutorials** are classes whereby students discuss, practice, and perform various problem-solving activities on topics covered in lectures. In tutorials, students acquire first-hand experience by implementing the knowledge they gained.

## Workshop

**Workshop** provides a space for students to practically implement their knowledge through presentations, market research activities, report writing, and research works, thereby; earning valuable skills on topics they are taught.

29

## Summer
# Industry Enrichment Semester

### A Season for Skill Building

At Islington College, we view summer not as a break, but as a valuable opportunity for growth. Our summer programmes are crafted to bridge the gap between academic learning and real-world industry demands particularly in fast-evolving sectors such as technology. These classes go beyond the standard curriculum, equipping students with the latest skill sets and practical knowledge that enhance their career readiness.

Whilst core modules provide a strong academic foundation, our summer sessions ensure students stay ahead of industry trends and graduate with confidence, fully prepared to embrace the future.

**AUTUMN + SPRING**    Academic **Success**
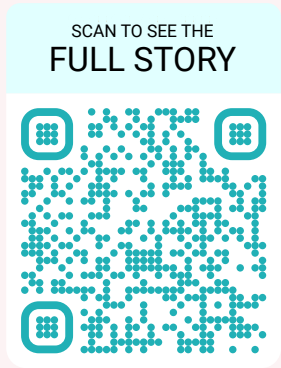

**SUMMER**    Industry Ready **Student**

SKILL BLOCK

# Career Development Learning

Career Development Learning (CDL) provides students with the opportunity to gain practical experience in their chosen fields, supporting them in building and progressing their careers. In addition to equipping students with essential career skills, the college actively assists them in connecting with organisations aligned to their ambitions, ensuring a seamless transition from study to meaningful employment.
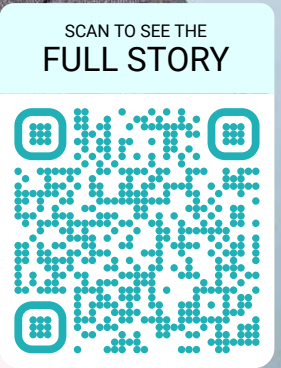

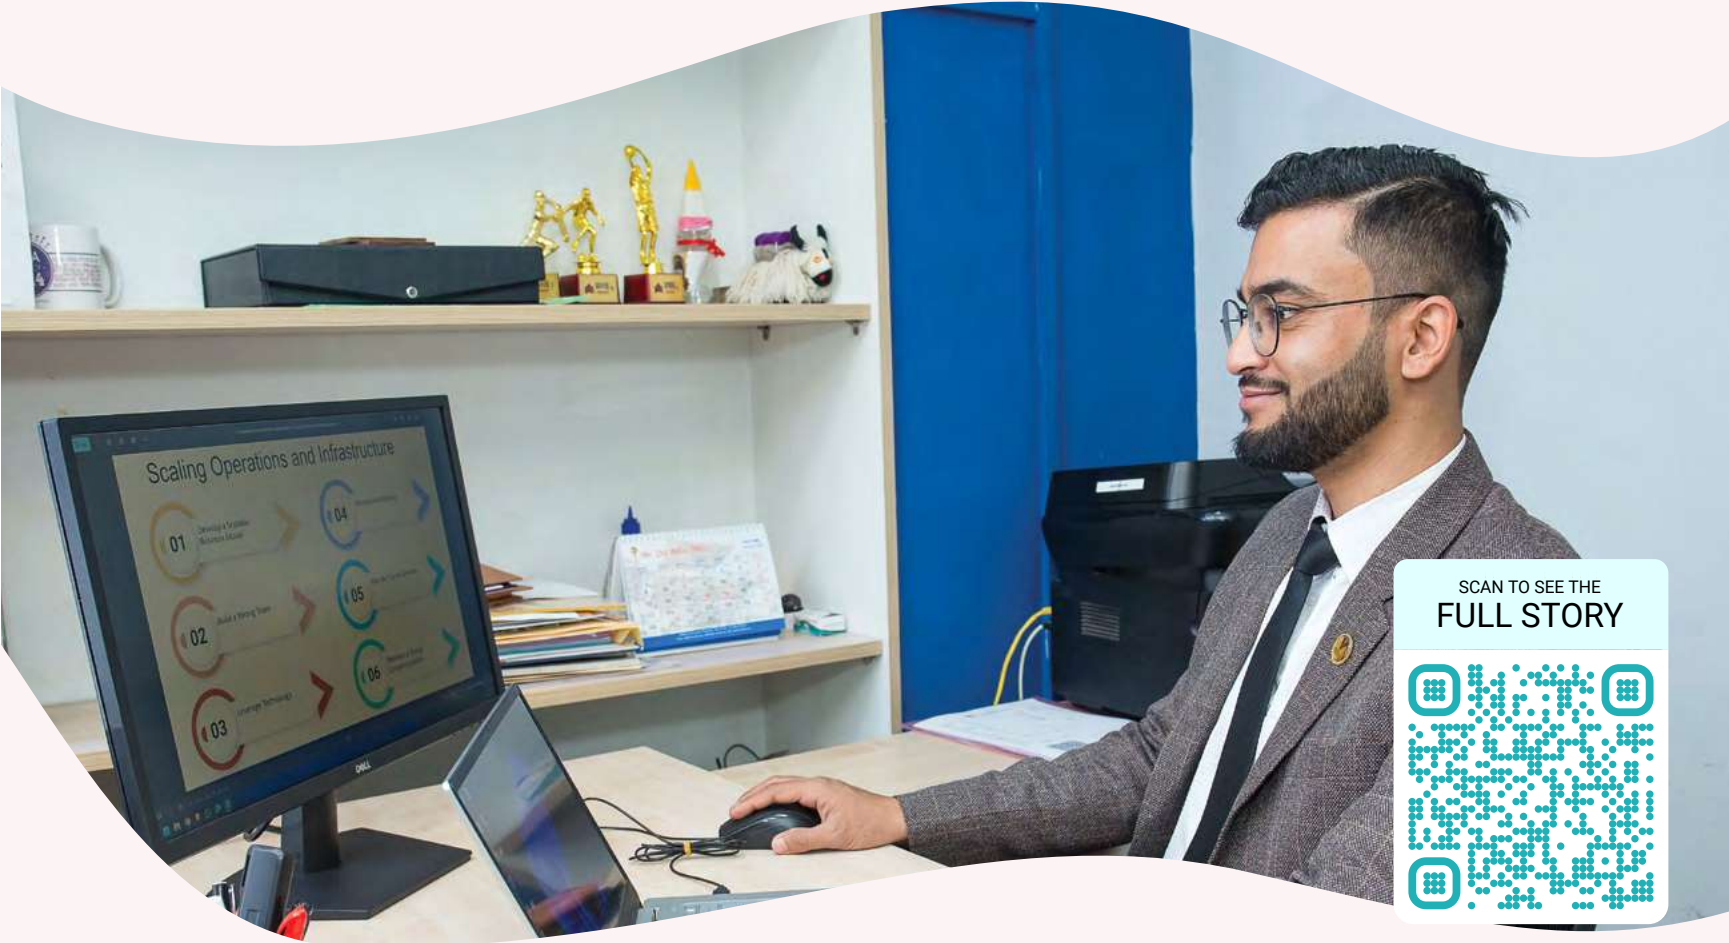

# Final Year Project

Final Year Project (FYP) is a key part of the academic journey where students apply their learning to solve real-world problems. Supervised by professionals working in top industries, students will tackle real-world challenges and build solutions that matter. FYP is more than just a requirement, it is a chance to prove readiness for life beyond college.

A globally recognised degree provided by Islington College helped me stand out in the competition and infused a sense of confidence within me which I now apply on a day-to-day basis, especially on a professional level.

**Tridev Gurung**
Class of 2015
Master of Science in Information Technology

Senior Vice President, DevSecOps
Bank of New York Mellon, USA

With practical skills and real-world exposure, Islington equips students with the necessary tools to make a meaningful impact in their careers.

**Sajiya Gurung**
Class of 2021
BA (Hons) Business Administration

Financial Manager
AXA Hong Kong and Macau

When it comes to UI/UX designing, Islington College has the best programme for aspiring designers. The course content is top-notch and the faculty is dedicated. My experience at Islington College has been invaluable in preparing me for my career.

**Rotash Shrestha**
Class of 2013
BSc (Hons) Multimedia Technologies

Architect - Experience Design
Slalom Build

"

The journey from supervisor and student to co-workers. Initially, I was connected with Raman Pradhananga as my FYP supervisor, I was able to learn a great deal about the standard of a professional expert in the development industry. Getting the mentorship I desired from Raman Sir, I was able to work with him, not just as co-workers at Vertex but as teammates for The SCALA Hackathon 2023 representing Nepal.

**Suraj Neupane**
Engineering and Operations Manager
Vertex Special Technology
Class of 2020

**Raman Pradhananga**
Senior System Engineer
Verisk
Class of 2015

"

Islington helped me take my idea beyond the classroom. With guidance from mentors and a space to experiment, I turned Sip and Zap from an idea into a functioning real brand. What started as an idea is now a product I'm proud to share with the world.

**Aomashish Karki**
CEO / Founder
Sip and Zap
Class of 2025

Ranked among the World's Top 250 MSSPs, Vairav Technologies— Nepal's first SOC — along with our Penetration Testing System, Information System Audit, Compliance Readiness Assessment, and an Incident Response Team, to ensure that your demand for cybersecurity is met 24/7, 365 days a year.

**VAIRAV TECH**
CYBER DEFENDER

"
